THE COURSE: Please comment on course content, requirements or any other aspect of the course.

Course is great introduction to learning java, for anyone that is interested.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

Strengths - knowledge of the coding language and ability to teach code in a relateable way.

Weaknesses - For students who need time processing, the course may be too fast-paced and overwhelming.

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

This course has way too much content for the time that we have to learn it. Content is way too difficult for an intro level course. For non CIS majors, this class takes up way too much time for it to be worth it. I don't understand why non majors are required to take this. This class is hard to pass if you don't pick up things easily and that's unfair to students.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

The instructor has great knowledge in computer science however her teaching isn't very effective. She reads off the slides saying how one program is written and then we immediately move onto the next topic building off of something we just "learned." The grading on tests in this class is very harsh considering it's an intro class. This is the second time taking this class and I'm a senior so if I don't pass this is the only class holding me back and that's not fair.

Thank you!

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

Shouldn't be required for non-majors
of Computer Science. Way too much time for
a class that means nothing to half the
students in it.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

- thinks everyone likes his class and wants to

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

This course contains a lot of content so we do need to attend every class and spend a lot of time on this class but it all contributes to learning the material.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

The instructor is very knowledgeable and cares about her student's success but there have been a few times where the expectations weren't conveyed or we were tested on a question for a chapter we hadn't learned yet. I would take another course from this instructor.

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

I find the way of testing strange, although it does seem fair.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

Dr. Guratula, even though her fast talking and accent, definitely gets the job done with helping students gain a deeper understanding of the material. I would like to have another class taught by her.

Thank you!

Course content was interesting and engaging, however
sometimes work load for homework presented a challenge
due to the need to use the computer lab

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

The homeworks were a little tedious and the consistency at times and having quizzes every other day might not have been the best approach in my opinion but I did learn a fair amount from the class.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

The professor is very knowledgeable in the field but sometimes struggles to explain things in a manner that makes sense to someone who hasn't had the course before.

GENERAL COMMENTS

THE COURSE: Please comment on course content, requirements or any other aspect of the course.

I feel that while she did a good job, she was limited to the time allotted. These 201C1S courses should meet 3x a week or be longer so the professors aren't rushed. This is NOT a professor complaint, but a scheduling and administration complaint.

THE INSTRUCTOR: Please comment on the strengths and weakness of the instructor. Would you take another course from this instructor?

I would LOVE to take another course with Dr. Gurgjaja!

Thank you!
